✨ **SiMo – Silvia Mozelt**

Crochet is more than a technique – it's my signature.

I'm **SiMo**, and my creations grow from the union of craftsmanship, creativity, and a special sensitivity for materials.

To me, handcraft isn't merely a skill – it's an art form. Every stitch is part of an ongoing process of learning and discovery.

I choose my yarns with intention, giving each piece its own depth and character. This knowledge and joy are what I share through my **workshops** and my **Crochet Companion Book**.

My conviction: *True mastery lies in knowing the rules of perfection – and breaking them with purpose.*

Life is personal, imperfect, and full of meaning.

🌟 Philosophy & Approach

What drives me is the joy of creation – transforming an idea into something tangible.

The materials guide me: the feel of the yarn, the play of colors, the rhythm of texture.

Every seam and edge receives attention, because it's often the small details that make a piece truly special.

I love exploring new techniques while staying grounded in traditional craft. Whenever possible, I choose sustainable materials.

It's an ever-evolving process – but my goal remains simple: to bring joy through every carefully crafted piece.

🎨 Portfolio / Works

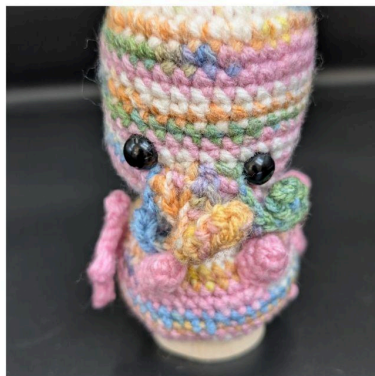

My pendants – crocheted, though crafted from acrylic.

... always Amigurumi ... Small, detailed figures – playful, full of personality, and made with care.

... chilling with Capybaras ...*Gentle creatures that bring an instant smile – whether as plush toys or keychains.*

... a Cthulhu rarely comes alone ...Humor meets handcraft – my crochet hook even brings mythical beings to life.

Crochet Jewelry

Delicate structures of yarn that merge lightness with form.

When yarn alone isn't enough, I combine it with other materials and techniques to create unique designs.

My Crochet Workshops

Whether you're a complete beginner or already familiar with the basics, my workshops offer a blend of **clear guidance, creative freedom, and community**.

Crocheting together is simply more fun – and every finished piece is a small story of success.
